---

# PRODUCTS

- Contains the cards for all the products.
- Each card consists of the Name, price and a short description of the Product.
- Added the image feature as well.

# HEADER

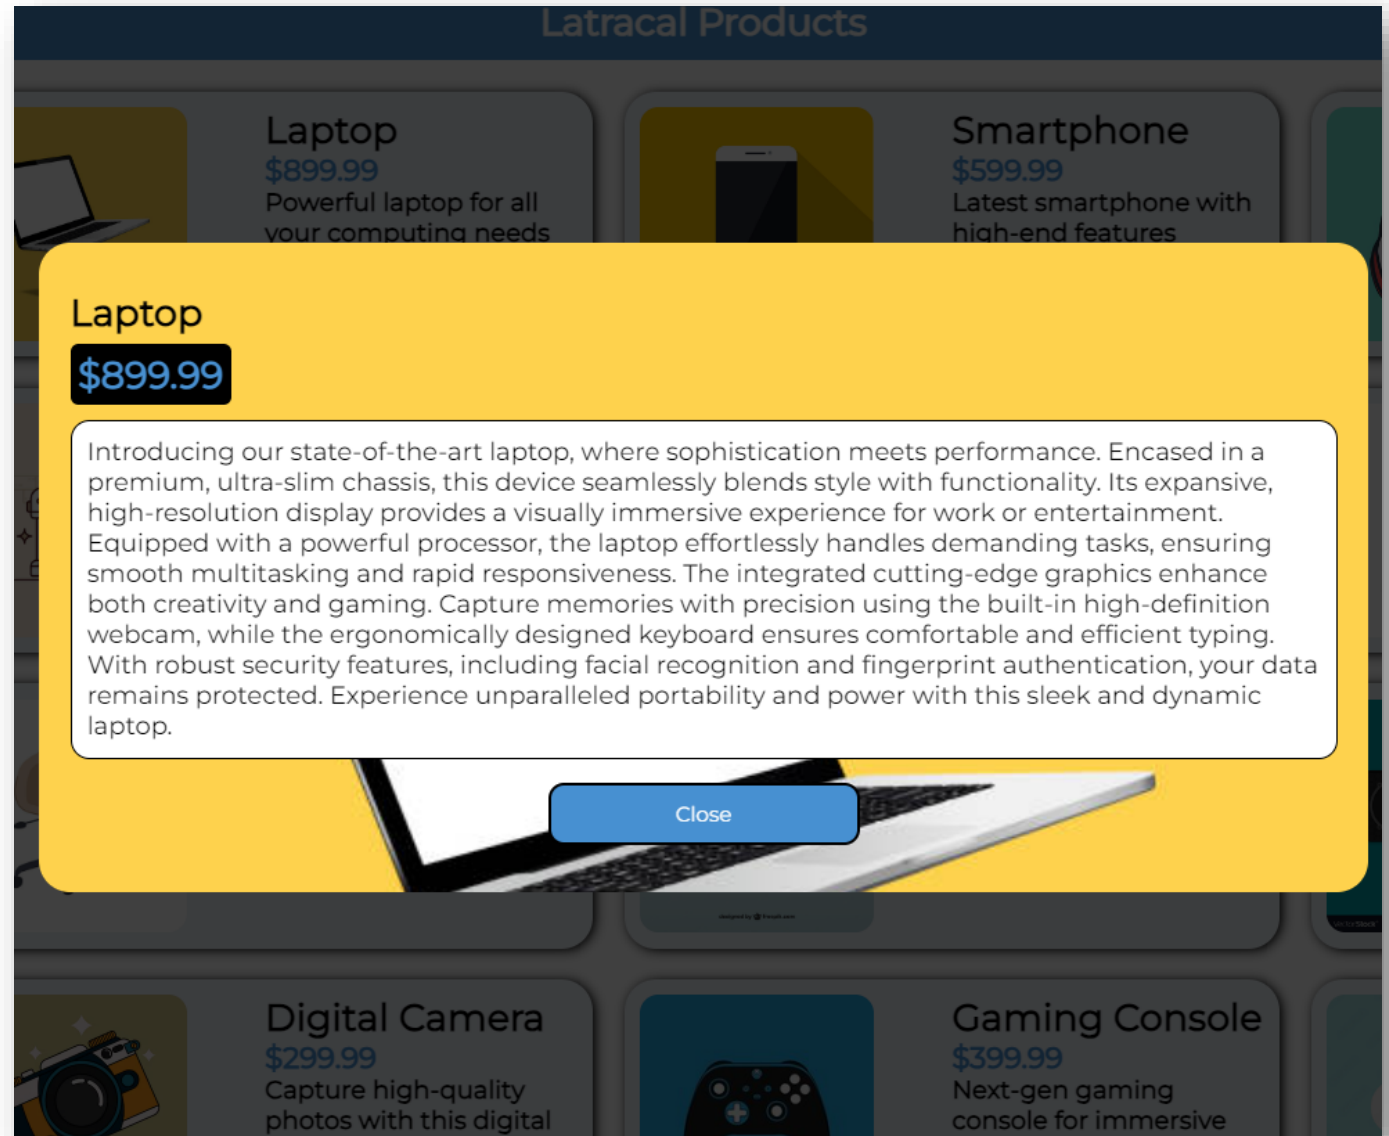

- Header consists of the Heading for the app.

---

# PRODUCT DETAILS

- On clicking on the card in the products section, this description can be toggled.
- This description can also be toggled from the product list section.
- “Close” button closes the description.
- Every description card has the product image as background.
